Justice League may have made money, but you don't spend 300 million to make slightly more than double that. And that's assuming it actually cost only 300 million and that they made every dollar it earned at the box office, which we know isn't the case. Theaters take a cut of the box office and Deadline Hollywood reported that the film needed to gross 750 million to actually break even.

Xochimilco is characterized by a system of canals, which measure about a total of 170 km 2. These canals, and the small colorful boats that float on them among artificially created land called chinampas are internationally famous. These canals are popular with Mexico City residents as well, especially on Sundays. These canals are all of what is left of what used to be a vast lake and canal ...
