Since the Renaissance, every century has seen the solution of more mathematical problems than the century before, yet many mathematical problems, both major and minor, still remain unsolved. These unsolved problems occur in multiple domains, including physics, computer science, algebra, analysis, combinatorics, algebraic, discrete and Euclidean geometries, graph, group, model, number, set and ...

List of unsolved problems in mathematics - Wikipedia

Course Area: General Education Elective (no area) Designations: Scholarship in Practice This course is the second of a two course sequence. This course focuses on campaign execution. The advertising team course is an application-based class, which provides students with the opportunity to develop a complete Integrated Marketing Communication campaign plan as part of the National Student ...
