Description :
Foundation of Information Technology is a judiciously developed series of textbooks on the syllabus devised by the Central Board of

Secondary Education for classes 9 and 10. Keeping in mind the grasping power of the students, the books focus on the relevant theory and its applications and practical learning through sequential steps, rather than the elaborate textual study for chapters.

Foundation Of Information Technology Cbse

CBSE must rethink its evaluation approach and have a system which encourages actual learning Inflating marks might make the parents, the students and the politicians feel good. But this race to the "top" is really a race to the bottom which will have long-term consequences.

CBSE must rethink
