Arguably the best-known name in the model railroad industry, iconic model train company Lionel, LLC has manufactured model trains and model railroading accessories since 1900. Lionel trains specialize in O gauge model railroad products, which include realistic models of engines, freight cars, passenger cars, cabooses, buildings, and other Lionel train parts.

Lionel Trains: Value, History and What Collectors Should Know

Collectors refer to glass with this problem as "sick glass." When glass suffers this type of damage, it can't be restored and significantly decreases in value. Water rings: If the glass looks cloudy, look closely to determine if it is sick glass or simply stained with water. The latter can often be fully restored and is worth the investment.

Camera collectors have described the FED as interesting and often well made and effective so long as the buyer is not deceived into paying a premium for a counterfeit Leica camera. [citation needed] From 1955 FED began to innovate, combining the rangefinder with the viewfinder in the FED 2 and all its successors.
