### Life Before Damaged Vol 2

The coffin then immediately fell from their shoulders against the hut, and damaged part of the wall. The owner of the hut was taken into custody on this, and confessed the poisoning--I give this story as it was related by the mate and crew on their return to the ship. The credit which is due to it I leave with the reader.

Shelf life is specific to food products as it is affected by a combination of multiple factors. It is the responsibility of the manufacturer to estimate the food shelf life. Thorough studies are conducted by taking into account many factors that may end the shelf life. The methodologies are generally divided into direct and indirect methods [2].
