Local Government Today Politics Today

Local government in England operates under either a one tier system - unitary authorities, or a two tier system - county and district councils. There are five types of local authority in England: county councils, district councils, unitary authorities, metropolitan districts and London boroughs ...

Local government structure - politics.co.uk

The under-representation of women at any level of governance and decision-making results in a democratic deficit. It has been proven time and again that diverse groups make better decisions. This is particularly true when it comes to a task as challenging as representing the interests of citizens at the local level. Often influencing policies in housing, security, transport, and the economy ...

Local government in Australia is the third tier of government in Australia administered by the states and territories, which in turn are beneath the federal tier. Local government is not mentioned in the Constitution of Australia and two referenda in the 1970s and 1980s to alter the Constitution relating to local government were unsuccessful. Every state government recognises local government ...

Local government in the United States refers to governmental jurisdictions below the level of the state. Most states and territories have at least two tiers of local government: counties and municipalities. In some states, counties are divided into townships. There are several different types of jurisdictions at the municipal level, including the city, town, borough, and village.
