Lost Crops Of The Incas

The Inca Empire (Quechua: Tawantinsuyu, lit. "The Four Regions"), also known as the Incan Empire and the Inka Empire, was the largest empire in pre-Columbian America. Its political and administrative structure is considered by most scholars to have been the most developed in the Americas before Columbus' arrival. The administrative, political and military center of the empire was located in ...

8 They Really Liked Potatoes. And speaking of crops, the Incas were really keen on potatoes. It has been estimated that they cultivated over 3,000 separate varieties of potatoes. That is a lot of spuds.

10 Things You Might Not Know About The Incas - Listverse

Architecture. Most of the construction in Machu Picchu uses the classic Inca architectural style of polished dry-stone walls of regular shape. The Incas were masters of this technique, called ashlar, in which blocks of stone are cut to fit together tightly without mortar. The Incas were among the best stone masons the world has seen, and many junctions in the central city are so perfect that ...

Quipu (also spelled khipu), or talking knots, were recording devices fashioned from strings historically used by a number of cultures in the region of Andean South America.. Knotted strings were used by many other cultures such as the ancient Chinese and native Hawaiians, but such practices should not be confused with the quipu, which refers only to the Andean device.

The English term Inca Empire is derived from the word Inca, which was the title of the emperor. Today the word Inca still refers to the emperor, but can also refer to the people or the civilization, and is used as an adjective when referring to the beliefs of the people or the artifacts they left behind. The Inca Civilization was wealthy and well-organized, with generally humane treatment of ...
