Lost Moon

Lost Moon is the story of the failure and the incredible heroism of the three astronauts who brought their crippled vehicle back to earth. This account--written by Jim Lovell, commander of the mission, and his talented coauthor, Jeffrey Kluger--captures the high drama of that unique event and is told in the vernacular of the men in the sky and on the ground who masterminded this triumph of heroism, intellectual brilliance, and raw courage.

Lost Moon: The Perilous Voyage of Apollo 13: James Lovell ...

Lost Moon: The Perilous Voyage of Apollo 13, is a non-fiction book first published in 1994 by astronaut Jim Lovell and journalist Jeffrey Kluger, about the failed April 1970 Apollo 13 lunar landing mission which Lovell commanded. The book is the basis of the 1995 film adaptation Apollo 13, directed by Ron Howard. Lovell was initially approached
