When most people think about Ancient Greece, they picture magnificent temples with stone columns surrounding them. Because of this, a Greek temple model is a wonderful way to teach children about Ancient Greece. With a few basic crafting supplies, any child can make his own Greek temple model out of Popsicle sticks.

### **How to Make a Greek Temple Out of Popsicle Sticks | The ...**

this greek temple was alot of fun to do! I made it for my sister who teaches 3rd grade and has a unit on Greece and Rome. This is just perfect for the kids to look at while learning about the ancient civilization. The modle takes patience to make, especially all the little pillars. But the end result is so neat!

### **Make This Model Greek Temple: Iain Ashman ... - amazon.com**

This model temple consists of everything you would find on a Greek temple. It has the columns with a capitol, an architrave, a frieze, and a pediment, along with decorations. The support poles are not found on an actual temple. Due to time reasons, I could only make the front of a Greek temple. It's still cool though.

How to Make a To-Scale Model of the Parthenon in Greece: I've always been kind of interested in ancient Greek architecture, so one day while I was bored, I decided to make a to-scale model of the Parthenon in Greece. This proved to be actually quite simple, only cutting out different sized rectangles,...

### **How to Make a To-Scale Model of the Parthenon in Greece**

Classical temple buildings are grouped into two main categories, based on the style of architecture: Ionic or Doric. These two styles, called orders, are most recognisable by the different types of column used in a temple. However, no two temples built in either the Ionic or Doric style are exactly the same.

### **HOW TO MAKE A PAPER TEMPLE SCIENCE KIDS**

A Greek sculptor and artist has made his life's work to create an exact scale model of the famous temple of Athena at the Athenian Acropolis, the Parthenon. Using the same material as his ancient counterparts (Attica marble) and following the architectural guidelines of the original structure, he has created a monumental model, unique in its kind.
