

Manufacturing The Future Strategic Resonance For Enlightened Manufacturing

Manufacturing The Future Strategic Resonance

Manufacturing the Future shows both why and how manufacturing firms need to move away from traditional, unsuccessful approaches to become enlightened, successful outfits. An essential read for all levels of management in manufacturing firms, this book offers a radically different, strategically oriented approach to manufacturing.

manufacturing must be aligned with corporate strategy in order to contribute to performance (Skinner, 1969). As a result, we argue that a new framework is needed to realign manufacturing strategy with strategic management, and we present such a framework, which we describe as strategic resonance. This paper is organized as follows.
