Rated 5 out of 5 by bgcopepod from Outstanding lecturer Just finished (March 2019) the course on Economics given by Dr. Timothy Taylor. For myself, I have no background in Economics other than watching the bank rate and handling my household budget.. First, Dr. Taylor is an outstanding speaker, he is fluent, articulate and from lecture to lecture, consistent in his style; the material is all ...

In economics, distribution is the way total output, income, or wealth is distributed among individuals or among the factors of production (such as labour, land, and capital). In general theory and the national income and product accounts, each unit of output corresponds to a unit of income. One use of national accounts is for classifying factor incomes and measuring their respective shares, as ...
