Principle #5 - Context. A useful distinction is made in the framework between internal context and external context. Internal context is defined by one's state of thought, emotion, and belief. External context is defined by the presence of other people, the physical setting, and any tools or objects present.

The principle of compositionality (PC) is a statement about the semantics of expressions. It can also be framed slightly differently so that it becomes a principle about the content of complex concepts. This article explains this principle, and the reasons for deviating from it. It will review the psychological research on typicality effects and non-logical reasoning which suggest that ...

The interest of this article is parenting and homosexuality. It will have a deliberate pastoral tone. The purpose is not to debate the legitimacy of homosexuals as parents, but to provide assistance to parents in a world where homosexuality is vying for normalcy.

### **CHRISTIAN PARENTING AND HOMOSEXUALITY**

The context principle of hermeneutics is simple; scripture should never be taken out of context. This seems like common sense, but many have fallen victim to false doctrine that was a result of failure to apply this principle of hermeneutics. One has to wonder how many preachers and televangelists might have never stepped up to...

The pleasure principle. The pleasure principle is the psychoanalytic concept based on the pleasure drive of the id in which people seek pleasure and avoid suffering in order to satisfy their biological and psychological needs. As people mature, the id's pleasure-seeking is modified by the reality principle.

The most popular version of linguistic semantics was Generative at the time of the publication of Montague's papers. Generative Semantics did semantics essentially in a syntactic fashion: meanings were bits of representation, like CAUSE, BECOME, and RED, and were combined in a tree that was subject to transformations. The analysis offered by Montague uses some non-standard mechanisms for ...
