MyLabsPlus Support from Pearson

n "Efficacy" describes whether a product or intervention has a positive effect on learning, such as reducing wrong answers, increasing retention rates, or raising final exam scores. n "Effectiveness" measures the size of the educational improvement from a product or educational intervention. Why pearson is interested in efficacy studies.

My Lab Mastering/ English

Controlling Cheating in Online Courses: A Primer 4 The order of questions in an assignment can be randomized. Item titles can be anonymized, though this doesn't help much as long as students can search the Internet by keywords. The Mastering assignment categories "Quiz" and "Test" have most of these features set up by default.

Controlling cheating in online courses final - Pearson

This article details an experience I had while using the software MyMathLab, and overviews software security best practices. There is no information in this article that would allow students to alter their grades or cheat in any way, but details minor exploits in the software and security infrastructure related to "locking down" a workstation.
