The Leibniz Institute DSMZ GmbH is subject to German national laws as well as European Union laws and regulations. Since 1993, the Convention on Biological Diversity has regulated access to genetic resources and in October 2014, the Nagoya Protocol (NP), which provides a defined legal framework for the CBD, went into effect across the EU Member States (EU Regulation 511/2014) and Germany ...

### **DSMZ: Nagoya Protocol**

The Nagoya Protocol regulates the collection and use of biological resources worldwide. This means that each country now has sovereign rights over its biological resources and can thus prevent so-called "biopiracy".

### **DSMZ: Nagoya Protocol**

The Convention on Biological Diversity (CBD), known informally as the Biodiversity Convention, is a multilateral treaty. The Convention has three main goals including: the conservation of biological diversity (or biodiversity); the sustainable use of its components; and the fair and equitable sharing of benefits arising from genetic resources.. In other words, its objective is to develop ...
