Nature Ralph Waldo Emerson

Nature is an essay written by Ralph Waldo Emerson, and published by James Munroe and Company in 1836. In the essay Emerson put forth the foundation of transcendentalism, a belief system that espouses a non-traditional appreciation of nature. Transcendentalism suggests that the divine, or God, suffuses nature, and suggests that reality can be understood by studying nature. Emerson's visit to the Muséum National d'Histoire Naturelle in Paris inspired a set of lectures he later ...
