Seventies Almanac - 1976. ritish-born Peter Frampton established himself as a singer-songwriter-guitarist in two late-Sixties bands, the Herd and Humble Pie. By 1975, though, he was \$300,000 in debt and working solo for \$500 a night. In desperation, he took the best songs he'd written over the past few years and re-recorded them in concert,...

Please note that there is a supply charge and a licence required for some sheets, e.g. calendrical sheets for forthcoming years, while some sheets are now out of date.

HM Nautical Almanac Office: Astronomical Information Sheets

A nautical almanac is a publication describing the positions of a selection of celestial bodies for the purpose of enabling navigators to use celestial navigation to determine the position of their ship while at sea. The Almanac specifies for each whole hour of the year the position on the Earth's surface (in declination and Greenwich hour angle) at which the sun, moon, planets and first point ...

Catalog Record: The nautical almanac for the year | Hathi ...

The Nautical Almanac has been the familiar name for a series of official British almanacs published under various titles since the first issue of The Nautical Almanac and Astronomical Ephemeris, for 1767: this was the first nautical almanac to contain data dedicated to the convenient determination of longitude at sea. It was originally published from the Royal Greenwich Observatory in England.
