Navy Damage Control Manual

Handbook of Damage Control, NAVPERS 16191, 1945, was created near the end of World War II and represents best practices in WW II damage control. In this online version of the manual we have attempted to keep the flavor of the original layout while taking advantage of the Web's universal accessibility. Different browsers and fonts will cause the text to move, but the text will remain roughly where it is in the original manual.

CHAPTER 13 SHIPBOARD DAMAGE CONTROL TRAINING

Effective damage control (DC) requires the correct use of equipment and techniques to prevent or minimize the damage effects caused by battle, fire, collision, grounding, explosion, and so forth. DC also includes defensive measures used to reduce the effects of weapons of mass destruction, such as chemical, biological, and radiological (CBR) warfare. Remember, our Navy gives you the best damage control training in the world.
