This special issue of Innovation and Development focuses on inclusive innovation; specifically on analysis of the new models of this form of innovation which are emerging. After discussing the growing need for research into those models, this editorial paper interrogates the meaning of 'inclusive innovation'™ and what it means to understand inclusive innovation in terms of models.

New models of inclusive innovation for development ...

New Models of Inclusive Innovation A model is an abstraction from, and a simplification of reality. Its aim may often be to help us understand that reality – which we otherwise could not do because "true" realities are far too complex for the human mind to encompass – and perhaps also through understanding, to intervene more effectively
