### **Next Gen Phd A Guide**

Next Gen PhD provides a frank and up-to-date assessment of the current career landscape facing science PhDs. Nonfaculty careers once considered Plan B are now preferred by the majority of degree holders, says Melanie Sinche. An upper-level science degree is a prized asset in the eyes of many employers, and a majority of science PhDs build rewarding careers both inside and outside the university.

### **Next Gen PhD — Melanie V. Sinche | Harvard University Press**

“Next Gen PhD: A Guide to Career Paths in Science is a practical and thorough manual for the entire career transition process, from defining personal interests and deciding on a career path all the way to day one of a new job. Written by experienced career counselor Melanie Sinche, it is geared toward postdocs and graduate students who may not have access to effective career counseling or mentorship or are not satisfied with what they have received thus far.”
