

Next Generation Science Standards Pacing Guide

Next Generation Science Standards Pacing

The Next Generation Science Standards (NGSS) are K-12 science content standards. Standards set the expectations for what students should know and be able to do. The NGSS were developed by states to improve science education for all students. A goal for developing the NGSS was to create a set of research-based, up-to-date K-12 science standards.

Next Generation Science Standards - Official Site

The model curriculum provides a framework for the development of a more detailed local curriculum. The courses and units were developed through the work of consortia of practicing teachers, science supervisors, and higher education faculty.
