4.3 Research objective(s) What are the research objectives? In general, research objectives describe what we expect to achieve by a project.. Research objectives are usually expressed in lay terms and are directed as much to the client as to the researcher. Research objectives may be linked with a hypothesis or used as a statement of purpose in a study that does not have a hypothesis.

4.3 Research objective(s)

In a research paper, the objective is a statement of what the paper is trying to accomplish (what the question is that you are addressing and how you go about it). The introduction is a broader and longer section where you go into prior information (published discoveries relevant to the work) and set the scene for your results.
