The media's interest in recent corporate scandals highlights the importance society places on ethical behavior in organizations (Treviño, Weaver, & Reynolds, 2006). Although scholarly work on business ethics has traditionally been studied by philosophers and has taken a prescriptive approach, the emerging field of behavioral ethics takes a descriptive approach by focusing on empirical data ...

This paper explored how employees' trust in their leader interacted with empowering leader behaviors in promoting employee voice. Using data collected from 314 employees in the telecommunication industry in China, we found that the relationship between leader trust and employee voice became more positive when empowering leadership was higher rather than lower.

Greenville City Schools... Times of Our Lives at Greenville Elementary School, By Kitty Davis, Principal - Greenville Elementary is filled with third and fourth graders saying catchy phrases to assist them in remembering multiplication (times) facts. For example, walking down the hallway, you may hear "To drive a 4x4 you have to be 16, or 7 in a row, 7 in a line, the answer must be 49."
