Otis Escalator Design Guide

Otis Elevator Company is the world's largest manufacturer of vertical transportation solutions, especially elevators (which Otis invented in most recently known form) and escalators. The company was founded in 1854 in Yonkers, New York, USA by Elisha Otis, who invented the safety mechanism of the elevator should the hoisting rope break. This was created due to an accident with a freight lift ...

Kone Oyj (Finnish pronunciation: ; officially stylized as KONE and trading as KONE Corporation), founded in 1910 and headquartered in Espoo near Helsinki, Finland, is an international engineering and service company employing over 60,000 personnel across 60 countries worldwide.In addition, Kone builds and services moving walkways (referred to by the company as autowalks), automatic doors and ...

Kone - Wikipedia

A people mover or automated people mover (APM) is a type of small scale automated guideway transit system. The term is generally used only to describe systems serving relatively small areas such as airports, downtown districts or theme parks. The term was originally applied to three different systems, developed roughly at the same time.
