The resources will help my students have a "how to guide" for 8th grade mathematics. The colored paper will allow my students to color code standards that are in the same family (i.e. algebra = purple, geometry = blue). The scissors are necessary to cut and transform the colored paper into creative foldables.

The guide is a quick reference tool for the students to use to review all concepts. The students keep in their math binders and use in class and home when completing homework, studying, or reviewing spiraling material. As new concepts are introduced, the students create the foldable to place in their outstanding math guide.
