

Oxford Handbook For The History Of Physics

Oxford Handbook For The History

The Oxford Handbook of the History of Medicine celebrates the richness and variety of medical history around the world. In recent decades, the history of medicine has emerged as a rich and mature sub-discipline within history, but the strength of the field has not precluded vigorous debates about methods, themes, and sources.

The Oxford Handbook of the History of Medicine (Oxford ...

The Oxford Handbook of World History presents thirty-two essays by leading historians in their respective fields. The chapters address the most important issues explored by contemporary world historians. These broadly fall into four categories: conceptions of the global past, themes in world history, processes of world history, regions in world history.
