Find your lunar term defined here in the moon glossary. Almost 100 terms and definitions relating to the moon.

## Moon Glossary: Lunar Terms and Definitions

How to use the Moon Sign Calculator without birth time? As said, the moon does not hurry. In some rare cases the moon sign might shift by one sign, if the time of birth is unknown or the location is on the edge of a time zone. But even if an "incorrect" moon sign should be calculated, it would be valid in many aspects because it stands at the transition to the correct one.
