Pebble 2, the second generation of the successful affordable Pebble Classic. This new version added several new features including a heart rate monitor, and with a more slimmer design. Again to keep the cost and weight down, Pebble still used a polycarbonate material, but don't get me wrong, with the materials used in Pebble, still the watch is durable and able to do its job. Anyways let's ...

Pebble 2 - SmartWatch Specifications
Pebble is a discontinued smartwatch developed by Pebble Technology Corporation. Funding was conducted through a Kickstarter campaign running from April 11, 2012 to May 18, 2012, which raised \$10.3 million; it was the most funded project in Kickstarter history, at the time. Pebble began shipping watches to Kickstarter backers in January 2013. ...

Pebble (watch) - Wikipedia
If any of your Pebble Steel's buttons are not functioning correctly, and you have already performed a factory reset with no success (if able to do so), submerge the Pebble Steel under warm water for a few moments. Then, remove the watch from the water and firmly press and hold each button (individually) for 7 seconds.
