

Pediatric Exercise Science And Medicine

Pediatric Exercise Science And Medicine

I'm calling special attention to three papers in this month's journal. First, Weatherwax et al. studied the effect of steady-state aerobic exercise intensity prescription on overall training responsiveness according to changes in cardiorespiratory fitness (CRF) in previously sedentary adults.

Rehabilitation Science :: Science Publishing Group

Sports medicine is a branch of medicine that deals with physical fitness and the treatment and prevention of injuries related to sports and exercise. Although most sports teams have employed team physicians for many years, it is only since the late 20th century that sports medicine has emerged as a distinct field of health care
