### **Writing in the sciences : exploring conventions of ...**

Penrose and Katz (2010) state that scientific awareness and credibility is accepted both by what is said and how it is said. I believe Pons and Fleischmann did what they did thinking their peers would look past their inadequacies (short term) and look further into the long term of cold fusion achievement and, like Marshall and Warren, would ...

Penrose and Katz also describe several strategies used by writers to adapt scientific material for general audiences. I summarize their discuss of these strategies here: Adapting through NARRATION. Narratives, or stories, can be used to "make science accessible and acceptable to general audiences" (148).
