PHP Object-Oriented Solutions

PHP Object Oriented Solutions is exactly that, it's like a quick cookbook that tackles very specific problems. It wasn't for me. I used this book in an attempt to learn OOP in general with the goal of building small web applications. I had the false impression that this book will give me the foundations for OOP, while it had a brief obligatory ...

php object oriented solutions - journalistesdebout.com

My first experiments with object-oriented programming in PHP took place about six years ago. Unfortunately, the book that introduced me to the subject concentrated on the mechanics of writing classes and paid little heed to principles underlying OOP. As a result, I wrote classes that were closely ...
