Politics Who Gets What When

In Politics: Who Gets What, When, How (1936)—a work whose title later served as the standard lay definition of politics—he viewed the elite as the primary holders of power, but in Power and Society: A Framework for Political Inquiry (1950), written with Abraham Kaplan, the discussion....

Politics: Who Gets What, When, How | work by Lasswell ...

Politics is truly as simply as Lasswell's title. Perhaps most intriguing is Lasswell's ability to incorporate the analogs of major (and minor) historical events into his political theory. He engages events ranging from the Civil War to the French Revolution. Thus, Lasswell integrates politics into history, and history into politics.

Take away quote: "The study of politics is the study of influence and the influential.... The influential are those who get the most of what there is to get. Those who get the most are elite; the rest are mass."

Chapter 1: POLITICS: Who Gets What, When, and How

In the 1930s, Harold Lasswell reputedly defined politics as a competition about who gets what, when, and how. The core of politics in developed democratic countries rivets around the money – around the rate of taxation and utilization of collected money.

Politics: Who gets what, when, and how - Study Politics

February 14, 2015 Harold Lasswell defined politics as 'who gets what, when and how' and this definition of politics has encapsulated political behaviour around the world, with politicians being driven by political positions, resource distribution and out-competing their competitors.

'Who gets what, when and how'

"Politics is who gets what, when, how." Harold Lasswell (American political scientist). When staking a position is the "how" that helps you get something, it certainly would count as politics by Lasswell's definition (which is arguably the most commonly accepted one in the discipline).

What Is Politics? - Ordinary Times

Political science, the systematic study of governance by the application of empirical and generally scientific methods of analysis. As traditionally defined and studied, political science examines the state and its organs and institutions. The contemporary discipline, however, is considerably broader than this, encompassing studies of all the societal, cultural, and psychological factors that ...
