

Postdoc In Modelling Of Plant Plant And Plant Environment

Postdoc In Modelling Of Plant

Department of Plant Pathology Faculty. Faculty members study all aspects of plant pathology from the lab to field. Individual research groups focus various aspects of applied plant pathology, extension, epidemiology, forest pathology, and molecular aspects of plant microbe interactions.

Department of Plant Pathology Faculty

Postdoctoral and Professional Positions. postdoctoral, non-tenure-track faculty, instructor, and professional positions, most requiring a PhD (most recent post dates in red) Reload this page to see the latest updates. Postdoctoral Fellowship Program Links

Postdoctoral and Professional Positions - Physiological ...

Principal Investigator. Dave Crowder, Associate Professor. I use theory, experiments, and observational studies to understand the impacts of land-use and environmental variability on the structure and function of insect and plant communities.

About. Matthias Forkel is an environmental scientist who uses satellite observations to study how climate affects ecosystems and vice versa. Thereby Matthias develops and applies remote sensing methods, global ecosystem models, and machine learning approaches.

Matthias Forkel | Earth system scientist | TU Wien

Celebrating innovation, rewarding curiosity and developing potential. The ChemEng Discovery Space allows students and industry professionals alike to benefit from an unparalleled hands-on educational experience, with the four-storey high state-of-the-art carbon capture pilot plant representing a scaled-down chemical engineering plant- situated in the very heart of the Capital.

Facilities | Faculty of Engineering | Imperial College London

Thank you very much for your participation and contribution to the 4th International Forum on Sustainable Future in Asia/4th NIES International Forum.

4th International Forum on Sustainable Future in Asia 4th ...

This PhD project will focus on microbial phosphorous recovery at a full scale wastewater treatment plant. To this aim, a flexible P-recovery module will be set up and operated with close monitoring of the microbial communities and their functions.

Job offers - Helmholtz-Centre for Environmental Research

Anthony is the head of Plant Genomics. He moved from the University of Liverpool where he held the Holbrook Gaskell Chair of Botany at the University of Liverpool. He was research lead for the Institute of Integrative Biology. Was director at the Centre for Genomic Research (CGR) and academic lead of the Liverpool GeneMill (£3.8M investment).

Anthony Hall | Earlham Institute

At NIMBioS, the talents of top researchers from around the world collaborate across disciplinary boundaries to find creative solutions to today's complex biological problems. Our Education and Outreach Program focuses on the interface between mathematics and biology and promotes cross-disciplinary approaches to science for learners of all ages. mathematical biology, mathbio, science education ...
