This is a list of important publications in philosophy, organized by field. The publications on this list are regarded as important because they have served or are serving as one or more of the following roles:

List of important publications in philosophy - Wikipedia

Reductionism is any of several related philosophical ideas regarding the associations between phenomena which can be described in terms of other simpler or more fundamental phenomena.. The Oxford Companion to Philosophy suggests that reductionism is "one of the most used and abused terms in the philosophical lexicon" and suggests a three part division:

Ethics - The history of Western ethics: The first ethical precepts must have been passed down by word of mouth from parents and elders, but as societies learned to use the written word, they began to set down their ethical beliefs. These records constitute the first historical evidence of the origins of ethics. The earliest surviving writings that might be taken as ethics textbooks are a ...

In response to Donald Trump's presidential victory, many people have called to abolish the electoral college and have the presidency decided by a popular vote, including several hundred thousand MoveOn.org petitioners.. In contrast, I support the electoral college. Though I would f changes in the way the electoral college is calculated, I generally approve of the electoral college because it ...
