Year 2 Maths Resources - GoodStuff Primary Resources Home

Example: Use the cosine rule to find the side-length marked x to 1dp To answer this question, we have to match up the information in the question to the letters in the formula. You want to make a equal to the thing you're looking for, and then it doesn't matter which way round you assign the other two sides, let's say $b=5$ and $c=7$.

The Sine and Cosine Rule GCSE Revision and Worksheets ...

Product description for teachers and tutors.
