Quoting Myself In A Paper

Quoting out of context (sometimes referred to as contextomy or quote mining) is an informal fallacy and a type of false attribution [citation needed] in which a passage is removed from its surrounding matter in such a way as to distort its intended meaning. Contextomies may be either intentional or accidental if someone misunderstands the meaning and omits something essential to clarifying it ...

When Peter Molyneux agreed to speak to me, I knew the interview was going to be tense. I knew that an article we'd posted on Monday, asking what was going on with the development of Godus, had kicked up an enormous storm for 22cans and its boss, with the rest of the gaming press picking up and running with it. So I assumed, when he agreed to chat, he knew that it wasn't going to be a smooth ...
