

## *Samsung Smart Tv Guide Slow*

### **Samsung Smart Tv Guide Slow**

The tv guide on the samsung is so slow.. but one doesn't need to use it if you have a PVR attached using it's tv guide. I find TV menus/functions are slow on most branded tv's, but my sharp tv epg works quicker, but is dismal to look at.

Very happy with my Samsung TV (ua55f7100). Great picture quality and functionality. The only thing tainting the entire user experience is a terribly slow EPG. Whilst watching FTE (via TV aerial), when I press the Guide button, the set of 7 channels displayed at the bottom of the screen takes ~5-10 ...

Samsung smart tv going slow. ... My Samsung D6530's 'Smart TV' features are slow too. ... Worst are the ones where when you load the epg you only get epg data for that channel.....you cant see other channel listings until you actually change channel and load the epg again. Sort of "epg for each channel".

I bought a 2013 spec Samsung smart TV and agree. The lag when using the Smart features is a real pain. By comparison my 2011 "Smart" Samsung TV is much snappier in response. Not sure why they've gone backwards. Using the PLEX app on the 2013 TV is really slow, even when trying to select something to watch.

I have to admit I thought the future of Roku, etc. was similar to that of gps manufacturers (and calculator manufacturers before them) before I got a supposedly smart tv. As far as I'm concerned the "smart" aspects of my tv are so slow and the operating system is so painfully obtuse that I use them only on rare occasions.
