A key part of selecting which microphone to use in any recording set up is its polar pattern. This determines in which direction the microphone picks up sound and can range from omni-directional (all around) to ultra-directional (very focussed), with several other options in between. Some microphones offer flexibility by allowing you to switch between...

Solman is Richard Solis, a highly passionate singer/songwriter and multi-instrumentalist. After studying at the Berklee College of Music for two years, Solman embarked on a personal journey of spiritual seeking and deep Nature connection. As a result of the desire to share and express the peace he found on that journey, he started writing songs....
