Robert Spencer, 2nd Earl of Sunderland, KG, PC (5 September 1641 – 28 September 1702) was an English nobleman and politician of the Spencer family. An able and gifted statesman, his caustic temper and belief in absolute monarchy nevertheless made him numerous enemies. He was forced to flee England in 1688, but later established himself with the new regime after the Revolution of that year.

With more rain and snow on the way, the supposed "unending drought" that the New York Times reported on last year has, in a matter of weeks, ended — at least in Northern California.. Yesterday's color satellite imagery from NASA shows the dramatic changes which have occurred since the same date three years ago:

A tempting fallacy about morality is to think that wickedness must arise from transparently abhorrent motives, and goodness from nice ones. Few explicitly endorse this crude dualism, but many breezily equate hatred with evil, love with goodness, or both. This way of thinking makes it difficult for us to see the dangers of moral zealotry, one of the most insidious motives for wicked

behavior.
