Nurses Know!: The Role of the Public Health Nurse- Primary ...

within the community itself and between the community and the larger society." According to Stanhope and Lancaster (2008) community health involves biological, emotional, and social aspects. The biological aspects are measured in terms of " morbidity and mortality rates, life expectancy indexes, and risk factor profiles" (Stanhope & Lancaster, 3008, p. 345).

According to Stanhope and Lancaster 2008 community health ...

Stanhope and Lancaster (2008) states: "The community is the client only when the nursing focus is on the collective or common good of the population instead of on individual health" (pg. 344) and "Although the nurse may work with individuals, families or other interacting groups, aggregates, or institutions, or within a population, the ...

Friedman Family Assessment Friedman Family Assessment A nursing assessment of a family is the basis of nursing interventions. Stanhope And Lancaster (2008) state, "By using a systemic process, family problem areas are identified and family strengths are emphasized as the building blocks for interventions, and to facilitate family resiliency.

Essay on Friedman Family Assessment Model - 1213 Words

Thank goodness my clinical for this class teaches me something, because I'm not getting anything from this. But the kindle version is really nice, it's easy to highlight and you can read all your highlights on a single page without having to skip around, and it has a nifty flashcard tool that I haven't utilized yet, but looks promising.

Public Health Nursing: Population-Centered Health Care in ...

Caring for Vulnerable Populations Rebecca Bennett Legal Nurse Consulting/Phase 2 IP 1 Colorado Technical University Online August 27, 2011 Vulnerable Populations When referring to vulnerable populations, it means there are different subpopulations that sometimes have a higher risk for being unhealthy, and having very little access to health care (Stanhope & Lancaster, 2008).
