2.2.1. Which shell will run the script? When running a script in a subshell, you should define which shell should run the script. The shell type in which you wrote the script might not be the default on your system, so commands you entered might result in errors when executed by the wrong shell.

Script basics - Linux Documentation Project

As the end of life approaches, each family's story is different. A person can linger, gradually fading away or death can be sudden. End-of-life care describes the support and medical care given during the time surrounding one's death.

Watch my video lesson to learn about the greeting and ID check at the beginning of your IELTS speaking test.

IELTS Speaking: Greeting the examiner

On an infamous episode of Sex and the City, Samantha receives a present from her boyfriend, accompanied by a card signed, "Best, Richard." Despite the kind gesture of the gift, she's incensed at what she perceives to be a flippant and impersonal salutation. "Ugh," says Miranda. "'Best' is the worst." Gulp. That's how I've signed my emails for years.
