Student: Class: Statistical Studies: Statistical Investigations III.A Student Activity Sheet 2: Treatment Of Subjects One nice thing about a potato chip study is that researchers do not have to worry about hurting the chips, and the chips' permission is not needed! With human participants, you have to be more careful.

Statistical Investigations Student Activity Sheet 4 Answers

1. Understand the purpose and logic of statistical investigations. Students should understand why statistical investigations are conducted, and the “big ideas” that underlie approaches to data-based inquiries. These ideas include the existence of variation, the need to describe populations by collecting data, and the use of numerical
