Street Pharm by Allison Van Diepen was a good book that I would recommend to people who like action. To begin, Street Pharm is about a kid named Ty Johnson taking over his dad's drug business. It explains how he gets customers and how he sells around school and out of school.

I'm only going to give Street Pharm a 3 star rating because I didn't hate this book. I actually genuinely liked most of the book. But what I didn't like was the ultimate and obvious meaning behind it. Recently I reviewed a book called Go Ask Alice, which falls into the same theme as this book. Both are about the dangers of drugs.
