Wilden T8 - 51 mm (2") Metal Pump - wilden-pumps.co.uk

Wilden's legendary Original™ Series pumps were designed for demanding utilitarian type of applications that require a robust design. The clamped configuration is a classic design that evolved from 1955 with the invention of Jim Wilden's first air operated double diaphragm pump. The Original™ Series pumps ensure reliability without sacrificing ease of maintenance.

Original™ Metal Pumps - wilden-pumps.co.uk

Wilden has an Air-Operated Double-Diaphragm (AODD) pump for almost every industrial application and process. You can view our Wilden Pumps product range here

Wilden Pumps products - AODD pumps | Fluid Pumps

Wilden Air Operated Double Diaphragm Pumps are extremely versatile due to the following capabilities: Ability to Run Dry - all pumps supplied by Wilden are able to run-dry without damage. This is a very useful feature to have when the pumping application may result in varying & inconsistent suction conditions
