Tainted Witness Why We Doubt

Tainted Witness is a great read for anyone interested in rape culture, women's voices and women as narrators and witnesses. Gilmore focuses on a number of different cases and books, many of which I wasn't familiar with before or only knew very little about, and shows how the woman went from witness to 'tainted witness', someone who's reliability was innately questionable.

Tainted Witness: Why We Doubt What Women Say About Their ...

In 1991, Anita Hill's testimony during Clarence Thomas's Senate confirmation hearing brought the problem of sexual harassment to a public audience. Although widely believed by women, Hill was defamed by conservatives and Thomas was confirmed to the Supreme Court. The tainting of Hill and her testimony is part of a larger social history in which women find themselves caught up in a system that ...

Tainted Witness - Why We Doubt What Women Say About Their ...

Tainted Witness examines how gender, race, and doubt stick to women witnesses as their testimony circulates in search of an adequate witness. Judgment falls unequally upon women who bear witness, as well-known conflicts about testimonial authority in the late twentieth and early twenty-first centuries reveal.

Tainted Witness: Why We Doubt What Women Say About Their ...

Tainted Witness doesn't just look at what's broken about how we view women's testimony. It also examines how women can work toward "disrupting doubt" and ultimately arrive at true justice, making this essential reading for women living under a president who publicly professed sexual assault and faced no consequences.
