Neoliberalism. A term a lot of us have heard, but only a few understand. It defines our first world economies and acts as a "saviour" to the third world ones. The system brought us the economic crisis of 2008 and the offshoring of wealth and power (Panama Papers). Caused the collapse of public health and education (because free stuff is for communists).

A capital gains tax (CGT) is a tax on capital gains, the profit realized on the sale of a non-inventory asset that was greater than the amount realized on the sale. The most common capital gains are realized from the sale of stocks, bonds, precious metals, and property. Not all countries implement a capital gains tax and most have different rates of taxation for individuals and corporations.
