OK, can I just be honest and say that this 7 day keto menu plan thingy is a lot harder than I thought it would be???? (If you have no idea what I'm talking about, you can get caught up by reading the 3 day keto kickstart post.) I'm sure it's just my inexperience, and it will get easier after the learning curve, but keeping the carbs below 20g, making it budget friendly, not too much ...

Last week we discussed the how behind ditching dairy.This week we discuss the why. Right now the

average American eats more than 33 pounds of cheese a year. Packed with calories, loaded with saturated fat and teeming in highly addictive casomorphins, it's a habit that's intimately linked to obesity and a litany of chronic illnesses, including heart disease and type-2 diabetes.
