The Air Campaign: Planning for Combat

The Muir S. Fairchild Research Information Center (MSFRIC), founded in 1946, is the premier library in the Department of Defense. It houses well-balanced collections especially strong in the fields of war fighting, aeronautics, Air Force and DOD operations, military sciences, international relations, education, leadership, and management.

Muir S. Fairchild Research Information Center

Allied forces conducted many air raids on Japan during World War II, causing extensive destruction to the country's cities and killing between 241,000 and 900,000 people. During the first years of the Pacific War these attacks were limited to the Doolittle Raid in April 1942 and small-scale raids on military positions in the Kuril Islands from mid-1943. ...

Air interdiction (AI), also known as deep air support (DAS), is the use of preventive aircraft attacks against enemy targets that are not an immediate threat, in order to delay, disrupt, or hinder later enemy engagement of friendly forces. It is a core capability of virtually all military air forces, and has been conducted in conflicts since World War I.

Air interdiction - Wikipedia

The attic is usually where you can find some of the largest opportunities to save energy in your home. By air sealing in your attic, you can stop many major air leaks and help to maintain the desired temperature throughout your home.

Attic Air Sealing Project | About ENERGY STAR | ENERGY STAR

The biggest problem for air pollution is road traffic, and diesel is the worst of all.. Road transport is the major source of the toxic gas nitrogen dioxide (NO2) in the air we breathe. Even the most recent, Euro 6, diesel cars emit more than 5 times as much nitrogen oxides (NOx) as Euro 6 petrol cars.
