

The Bid Managers Handbook

The Bid Managers Handbook

Construction managers typically must have a bachelor's degree, and learn management techniques through on-the-job training. Large construction firms increasingly prefer candidates with both construction experience and a bachelor's degree in a construction-related field.

Selling Broker Handbook - BLB Resources

Construction management (CM) is a professional service that uses specialized, project management techniques to oversee the planning, design, and construction of a project, from its beginning to its end. The purpose of CM is to control a project's time / delivery, cost and quality—sometimes referred to as a project management triangle or "triple constraints."
