### **The Big Four The Curious**

Nineteen Eighty-Four, often published as 1984, is a dystopian novel by English writer George Orwell published in June 1949. The novel is set in the year 1984 when most of the world population have become victims of perpetual war, omnipresent government surveillance and propaganda.. In the novel, Great Britain ("Airstrip One") has become a province of a superstate named Oceania.

The Big Five personality traits, also known as the five-factor model (FFM) and the OCEAN model, is a taxonomy for personality traits. It is based on common language descriptors. When factor analysis (a statistical technique) is applied to personality survey data, some words used to describe aspects of personality are often applied to the same person. For example, someone described as ...
