The first paper money to be issued in America was in Massachusetts in 1690, followed by New York in 1709. The great American experiment with paper money continued with most of the states issuing paper money until the late 1700's when, after confederation, the Continental Congress issued currency to finance the revolution.

The oldest paper money of which a complete specimen survives is that from early Ming dynasty, dated 1375. These notes are the earliest numismatic prints, also the earliest obtainable commercial printing on paper, indeed very nearly the earliest obtainable printing of anything - a full lifetime before Gutenberg. Very few examples survive.
